It is calculated that a golfer would have to play an average of 12,000 tee shots to get a hole-in-one. BUT A blind lady in her seventies achieved perhaps the most amazing hole-in-one of all time on a Florida course in 1990. Even more amazing was the fact that she did exactly the same the following day at exactly the same hole !

**Golf Gag :**

Jeremy and Charles were having a pint in the clubhouse. Jeremy says : " My wife says that she's going to leave me if I don't give up golf. " " But that's awful ! " replies Charles. " what are you going to do ? " Jeremy takes a large swig of beer, thoughtfully wipes the forth from his top lip, sighs, and replies : " I'll miss her. "

We look forward to active participation from all the members for the upcoming events at the club and positive suggestions are also appreciated. With warm regards,

*Trilok Parikh*
